A DETECTIVE'S DEED

HE SLAYS HIS BROTHER-IN-LAW IN AN IMPROMPTU DUEL.

Four Unbrotherly Brothers—Young, Pretty and Six Times Widowed by Violence—A Cutting Sensation in Atlantic City —The Cronin Case.

FORT SMITH, Ark., August 27.—Captain Joe Everidge, United States marshal and railroad detective on the Frisco between this place and Paris, Tex., killed his brother-in-law, Wm. Luther, last night in the depot waiting room at Goodland station, Choctaw nation.

This was the result of a family feud that sprung up in 1885. Robert E. Peeler, Captain W. H. Ford, William Luther and Everidge were all brothers-in-law by marriage. In January, 1885, Peeler killed a young man named Bell Bingham for alleged intimacy with his wife. He surrendered here, and Ford came with him as his best friend. He was convicted of manslaughter, and the president granted him a pardon. After his return home he and Ford fell out, and in February, 1888, Ford killed Peeler and was himself severely wounded. He also surrendered here, and was indicted for murder and gave bond for his appearance. On the 22d of June, 1888, William Luther killed Ford in his (Luther's) own house. He was arrested and brought here on the 17th of June, but bond was refused in his case, and he remained in jail until February 2, 1889, when he was acquitted, as many claim, on fraudulent testimony. Everidge was against Luther in this case, as he believed that Ford had been foully murdered. After Luther's acquittal he went back to the territory, and, it is understood, has been making threats against Everidge. Last night he was sitting in the waiting-room at Goodland when Everidge came in. As soon as he entered Luther attempted to draw his gun, but it hung in his clothing and Everidge got in the first shot, following it up with another, killing his man, who only succeeded in getting his pistol off once and without effect.

Everidge is a quiet and peaceable man, very popular throughout the territory, but is a dangerous man to tamper with. The general opinion is that he acted in self-defense, as he is too brave to kill a man unless he was compelled to. The widow of Luther has been married six times and all of her husbands have been killed, yet she is a young looking and handsome woman.

A STABBING SENSATION.

Atlantic City Excited Over the Ray Hamilton Affair.

ATLANTIC CITY, N. J., August 27.—There was nothing talked about in this city this morning except the stabbing sensation in which Robert Ray Hamilton figures so strangely. Around the guarded cottage where the stabbing occurred there was a tremendous crowd, and hundreds of persons stood for hours gazing at the windows and doors of the house as if they sought to learn something new from their appearance. Atlantic City has never had such a sensation before, and throngs of Philadelphians and others are here discussing with relish every bit of detail concerning the tragedy which they can get hold of. Mary Ann Donnelly, the nurse whom Mrs. Hamilton slashed with her ivory handled dagger, is still lying in a dangerous state and great fears that peritonitis will set in are entertained. There was also a big crowd around the jail where Mr. and Mrs. Hamilton are confined, the former as a witness and the latter to await the result of the nurse Donnelly's injuries.

The hearing to-day in the case of Mrs. Evangeline Hamilton developed several new points which are detrimental to Mrs. Hamilton. Justice Irving conducted the examination. The prisoner when brought in showed signs of great mental distress, and all during the proceedings sat with her head bowed on the railing in front of her. Robert Ray Hamilton was the first witness. He testified as to the discharge of the servant previous to the cutting, and hesitatingly admitted that the knife used was in the hands of his wife at the time. Witness gave his age as 38, but was not questioned as to family relationship.

Policeman Biddle, who arrested Mrs. Hamilton, stated that the latter told him on the way to the station-house that she did it in self-defense.

Dr. W. G. Crosby, who attended the injured woman, showed the nature of the wounds, at the same time stating that the patient was in a very critical condition.

This testimony caused the witness to exhibit renewed signs of nervousness, and was the only time she raised her head since entering the court room.

The testimony of Police Sergeant Leader was more important. He stated that just before placing Mrs. Hamilton in the cell yesterday he asked her if she had committed the deed and she admitted it, saying that she had used a white handled dirk knife, and that in her excitement she had thrown it on the bed or in the closet. This concluded the testimony and Judge Irving remanded the accused to prison at May's landing, without bail, to await the injuries of the nurse Donnely. She was taken to jail this afternoon. Robert Ray Hamilton was held in $600, which he endeavored to secure under the surveillance of a detective. The high standing of Hamilton has made the affair one of great interest, and intense excitement is caused. Attempts of some to prove that the man is not Robert Ray Hamilton have proved futile. Justice Irving has proof of his identity which can not be denied. The injured woman still lies at the point of death.

EXECUTIVE CLEMENCY REFUSED

To a Prisoner Convicted of Fence Cutting and Sentenced to Three Years' Servitude.

AUSTIN, Tex., August 23.—In the case of J. T. Humphries, convicted in the district court of Navarro county for fence cutting and sentenced to the penitentiary for three years, the governor refused to extend official clemency for the following reasons indorsed on this application for pardon:

"In this case the guilt of the applicant is conceded by petitioners, and it seems strange that so many worthy, lawabiding citizens of a county which has suffered so materially from this species of lawlessness should find it consistent with their sense of duty and ideas of justice to appeal to the executive for clemency on the ground that this party was the only one of a bad crowd to suffer conviction, while his equally guilty confederates, by some means to me inexplainable, succeeded in defeating the ends of justice and escaping the penalty of the law. The further plea is offered in behalf of this petitioner that he was induced to commit the offense by older and wiser criminals, but it does not appear that he was not fully able to judge for himself as to the consequences of his act. I therefore decline to extend clemency in his case.

"L. S. ROSS, Governor."

The Southern Loan and Building association of Tennessee, at Knoxville, filed a copy of its charter here to-day; capital, $2,300,000.

CRONIN CASE

Will Be Resumed To-morrow if Motion for Separate Trials Is Overruled.

CHICAGO, Ill., August 27.—Proceedings in the Cronin case will be resumed before Judge McConnell to-morrow, when arguments on the motions for separate trials for Burke, Coughlin, O'Sullivan and Woodruff will be heard.

"I shall argue the motions for the state," said State's Attorney Longnecker this afternoon, in answer to a question, "and I don't think the argument will last long. I don't think there is anything much in the motions to be argued."

If Judge McConnell gives his decision at the close of the argument and overrules the motion the trial will proceed Thursday morning, unless the state's attorney can show cause for a continuance. That he will try to do so may be inferred from a remark of his associate, Mr. Hynes, that he thought the state was entitled to a continuance and could get it for the asking. Mr. Hynes added that every delay counts for running down further details of the crime and strengthening the case.

HELD STEER AND MAN.

A Stolen Bovine Causes the Worthy Officers of Two Counties Great Uneasiness.

SULPHUR SPRINGS, Tex., August 27.—Carroll Crisp started to Little Rock, Ark., last Saturday with forty head of beef cattle. Eli Lindley missed a steer out of the range about that time and wired the sheriff at Jefferson a description of the steer, and if in the lot to hold the man and steer. The sheriff answered, "I have the man and steer." This was Sunday morning. The sheriff, in company with the owner, went to Jefferson, identified the property and arrested Carroll Crisp, Jr. In the meantime the officers at Jefferson and an attorney put their heads together to get the prosecution in Marion county, instead of Hopkins, where the offense was committed and prosecution pending. This move was to get Crisp, the defendant, to make application for a writ of habeas corpus, which was in due form made out and presented to District Judge John L. Shepherd and granted. When the writ was placed in the hands of a deputy sheriff to be served on the sheriff from Hopkins he proceeded at once to serve him and found sheriff and prisoner gone. This was about 1 o'clock at night. The deputy sheriff from Marion became terribly incensed at the flight of the sheriff from Hopkins with the prisoner and said he would summon a posse and search for miles around to find him, which he did, but the vigilant officer from this county eluded their search. After lying in the rocky hills of east Texas for a day and night and walking from thirty-five to forty miles, they arrived safely home to-day with the prisoner, who came into court and waived an examining trial and gave bond in the sum of $500. J. R. Birly, a brother-in-law of Crisp, left for Jefferson to-day to look after the rest of the cattle.

The trial of Jess Walker for the murder of McDonald was concluded to-day. He was committed to jail without bail.

ONE OF THE VICTIMS

Of the Minnesota Stage Robber Dies in a Hospital—Robber Not Captured.

MINNEAPOLIS, Minn., August 27.—Donald Mackarcher, the Minneapolis man who was shot by a robber near Gogebec yesterday, arrived in this city at 7.30 this morning and was at once taken to the hospital. The wound in the leg is very painful, but not serious. The other bullet passed through the roof of the mouth and out of the right cheek. According to Mackarcher the reports telegraphed from the scene of the robbery are correct in every detail.

Mackarcher said this evening that the robber must be wounded, as he got four shots, and he is considered a good shot. A telegram was received in this city from Bessor, Mich., this evening stating that Fleschhorn, the other victim of the highwayman's bullets, had died in the hospital there to-day. He has a wife and two children at Belleville, Ill. Sheriff Foley is still out with his posse in pursuit of the robber, but slight hopes are entertained of his capture, as the country between Gogeblo and lake Superior is a dense forest.

HOT ON HIS TRAIL.

ASHLAND, Wis., August 27.—Sheriff Foley and his men are hot on the trail of the stage robber, and this afternoon followed his tracks in the sand for over five miles. About 4 p. m. a pack of bloodhounds with their Indian trainers from the Bad River reservation were taken to Gogebec and will be used by the officers in pursuit of the murderer. Every avenue of escape from the dense forest is being closely guarded, and the chances for his escape are poor. About fifty men, stimulated by the offer of $1000 reward by the Milwaukee, Lake Shore and Western railroad, have also joined in the chase.

STABBED HER LOVER,

Inflicting What May Prove a Mortal Wound —Her Second Cutting Affray.

WACO, Tex., August 27.—At 3 o'clock this afternoon an affray occurred in a saloon located in a reserve set apart by the city of Waco for the residence of women of the town, in which Stella Ferguson, a young woman of the class referred to, stabbed William Bell, her lover, with a stiletto, inflicting an abdominal puncture piercing the cavity, probably fatally. The woman was locked up in jail and the wounded man was taken to a house adjacent, occupied by his sisters. Stella was arrested five months ago for stabbing John Jensen, a Swede. In the Jensen case the wounded man would not testify and the prosecution was stopped. In the present case, although dozens saw it, and Stella does not deny it, the wounded and apparently dying man expressed the belief that the wound was not inflicted by Stella, or in case she did it, that it was accidental.

A UTAH TRAIN ROBBERY.

A Rio Grande Western Train Held Up—Two of the Bandits Captured, but Escape.

SALT LAKE, Utah, August 27.—Just three weeks ago a Rio Grande Western train was held up near Thompson's Springs, Utah, and the passengers relieved of many valuables. Yesterday the first news of the robbery reached this city. The outlaws, after robbing the train, started for the Blue mountains in a southerly direction. They were tracked by officers, and when about sixty miles southwest of the bluff on the Navajo reservation two of them were captured. The prisoners were put in irons and started for Salt Lake city, but one mile below Moab the thieves got away by jumping from the wagon. Deputy Rush and some Indians are still in pursuit.

A DISCHARGED NEGRO

Stabs a Workman Whom He Suspected of Causing It.

CINCINNATI, O., August 27.—A fight took place in the lower part of the city to-day that almost resulted in a riot. Frank Jones, a negro employed in a gang engaged in improving the streets, was discharged two days ago. This morning he came down to where the men were at work and attacked Thos. Gannon, a laborer, whom he suspected of having caused his discharge, and stabbed him, inflicting a dangerous wound. The working gang pursued Jones, who was forced to take refuge in an engine-house, where he was arrested. Meanwhile a large crowd of negroes had gathered and were attempting to rescue Jones, while the laborers wanted to revenge Gannon. The police, however, held the mob in check until Jones was safely landed.

Horse Thief Wounded.

CAMERON, Tex., August 27.—F. Arp was indicted in this county for theft of horses in several cases and Sheriff Lewis has for more than a year been on his trail. About a month ago he located him near Rome, Ga. He at once dispatched Deputy Giles Averitt after him, and this morning received the following telegram.

ROME, GA., August 27.—A. J. Lewis, Cameron, Tex.: Arp is shot down, badly wounded, but in the mountains.

G. C. AVERITT.

The arrest of Arp would break up a bad gang that has been operating in this and Falls counties.

A Gang of Robbers Broken Up.

LITTLETON, W. VA., August 27.—A gang of robbers that have been operating so extensively in Greene county, Pa., and Wetzel, W. Va., since 1875, is being broken up. Charles Gorby was arrested last Friday and has made a confession covering fourteen years operations of the gang. Six arrests have been made, with many others to follow.

SHOT BY HIS BROTHER

And Perhaps Fatally Wounded—The Hanlin Killing Near Silver City.

GAINESVILLE, Tex., August 27.—Sam McAdams, who was shot and perhaps fatally wounded by his brother, Jim McAdams, some weeks ago, lies at the residence of Mrs. McCarty, East Gainesville, in a very dangerous condition, in fact it seems almost impossible for him to recover. His condition has been so dangerous ever since he was brought to this city that he could not be removed to his home in Purcell.

A deputy marshal from the Indian Territory went through the city this morning en route to Paris with an attached witness named Tap Patterson, residing near Silver City, I. T. This witness is wanted to testify at Paris against Samuels and Rainey, charged with waylaying and assassinating Hanlin near Silver City July 18 last. Hanlin lived in Kansas and he and wife came to Texas on a visit. On their return home while driving along the road Hanlin was shot from ambush. No one was seen at the time who could have done the shooting, but some weeks since two young men who resided near Hanlin, at his Kansas home, were arrested and taken to Paris charged with the murder. It is said these men were absent several days from their homes about the time the murder occurred, and it is said the motive prompting them to commit the deed was to get Hanlin's wife away from him. It is the theory of the prosecution that upon Hanlin and his wife starting for Texas these young men followed them into the territory, and failing to overtake them rendezvoused in and about Silver City till they returned, and that one or the other of these fellows kept watch near the public road along which Hanlin and his wife would return, and when they did put in their appearance Hanlin was shot dead from ambush with a winchester. This theory the prosecution expects to establish by the witness Patterson, who was attached and taken to Paris Monday.

SANDBAGGED AND ROBBED.

A Mexican Drives a Knife Into the Breast of a Former Paramour.

SAN ANTONIO, Tex., August 27.—At a late hour last night Henry Ray, a young Englishman attached to the Santa Rosa hospital, was returning home when he was assaulted by thugs and left for dead. He was found lying in the brush with his pockets turned wrong side outward. He was insensible and incapable of speech. He was carried to the hospital and contrived to make one of the sisters understand that he had been struck by negroes. He exhibited no sign of violence and from this it is supposed that he had been sandbagged. Several holdups have occurred of late.

Chona Espinosa, a Mexican woman, was stabbed, probably fatally, by her ex-paramour, Juan Garcia. She made an affidavit against him some weeks ago, and he has been serving out his time. He was released to-day and immediately went to the house. He found Juan Solis there, began quarreling, finally drew a knife and lunged at his opponent. The woman sprang between, and the weapon was buried to the hilt in her left side just below the heart. Garcia was arrested.

Charged with Slander.

TERRELL, Tex., August 27.—Officers Jim and Joe Keller arrested Davis Doris about one and a half miles northwest of Poetry yesterday morning, about 2 o'clock, on a charge of slandering a young lady. He is in the calaboose, awaiting the arrival of the justice of the peace.

Arrested for Criminal Assault.

MILFORD, Tex., August 27.—Constable J. C. Morney, with a posse from near Crossroads, arrested C. M. Willis, a tenant on Hull's farm, Sunday morning on a charge of a criminal assault on a lady of the Crossroads community.

That Tired Feeling

The warm weather has a debilitating effect, especially upon those who are within doors most of the time. The peculiar, yet common, complaint known as "that tired feeling," is the result. This feeling can be entirely overcome by taking Hood's Sarsaparilla, which gives new life and strength to all the functions of the body.

"I could not sleep; had no appetite. I took Hood's Sarsaparilla and soon began to sleep soundly; could get up without that tired and languid feeling; and my appetite improved." R. A. SANFORD, Kent, Ohio.

SEDUCTION AND SUICIDE OF A YOUNG SCHOOL GIRL.

She Becomes the Victim of Misplaced Confidence, Swallows Rough on Rats, and Dies a Raving Maniac—A Pitiful Story.

WEATHERFORD, Tex., August 27.—A very sensational and distressing case of seduction and suicide developed here to-day, although a strong effort has been made by all parties concerned to suppress the facts in the case. The victim of man's lust and perfidy was Miss Sallie Cornelius, a 17-year-old school girl. Until three months since her home has always been in this city, where she was well known and her family highly respected. About that time the family removed to Vernon. The subsequent history of the case was learned only after the most persistent inquiry on the part of THE NEWS representative, as even the undertakers had been enjoined to silence on the subject. The family physician could not be found, and all others who were approached on the subject declined to state the facts, although rumors were rife on the streets. It has been definitely ascertained, however, that the girl returned to this city from Vernon about a week since, accompanied by her mother and two brothers, and went to the home of Mr. J. M. Bowyer, on the north side of this city, where the mother of the girl stated she wished her to remain while her trousseau was being made up for an early wedding. Not suspecting the condition of the girl Mr. Bowyer readily acquiesced.

Friday night she asked if she might receive company that night. Consent was given. Her visitor came, as she expected, but did not enter the house, waiting for her at the gate. Miss Sallie Cornelius left the house with her escort, and did not return until a late hour, saying they had been to an entertainment. On their return her company did not enter the house, but left her at the gate.

Saturday morning the girl complained of feeling indisposed, and about 9 o'clock she dressed in her wedding clothes, which had meanwhile been completed for her, and left the house with a parcel supposed to contain letters.

She next stopped in a drugstore on North Main street, and here purchased a box of rough on rats and ten capsules, as THE NEWS correspondent is informed. The clerk who sold her the poison says he observed nothing peculiar in her actions or manner to excite suspicion, but that she appeared very cheerful and affable, and as rat poison is sold daily, he readily let her have it without question. After leaving the drugstore the poor girl proceeded to Rentz's gin, about one and a half miles south, and filled the capsules. On her way back she took eight of the capsules without water, and after going some distance became very thirsty, and calling at a house asked a lady for a drink. She returned to Mr. Bowyer's house at noon and refused to eat and was evidently very sick. She afterward stated that she had intended never to return to the house alive, as her expectation was that she would die on the way from the effects of the poison.

Drs. Emanuel and Millikin were summoned during the afternoon and administered powerful emetics, but pronounced her case hopeless from the first, although they continued to work with her until about 4 o'clock Sunday morning. She remained in the same condition throughout Sunday, suffering intense agony, but was perfectly rational. She had told the physicians that she was enceinte. Monday morning, in the absence of the family physician, Dr. McKenzie was summoned to attend her and he stated to THE NEWS reporter that he found her in the labor of childbirth. The child was premature and stillborn. After this she seemed to rally and there were hopes of her recovery, but about 4 o'clock in the afternoon her brain became affected by the poison and she became a raving maniac, and so continued until 12.30 o'clock this morning, when she died. Her ravings were pitiful in the extreme as she called the name of her betrayer over and over again and besought him to fulfill his promise to her and save her life and honor.

The unfortunate girl is described as being small and but 17 years of age. She was of a lovable disposition and above reproach. She had attended school here during the last session and for years previous, and was well known. Her parents and three brothers are now in the city. The remains of the dead girl were viewed by Coroner Leach, and interred in the city cemetery at 4 o'clock this evening.
